**DETAILED ACTION*****Allowable Subject Matter***

Claims 19-21 are allowed.

The following is an examiner's statement of reasons for allowance: The claimed invention as amended is not disclosed or suggested by the prior art, essentially for the reasons set forth by applicant in the Remarks accompanying the amendment. There is no suggestion in the prior art of a toy trailer having two wheels which are not operatively connected to a drive mechanism, and a gear assembly as claimed, which enables the trailer to drive the wheels of an attached toy vehicle.

The response to the prior Office Action overcomes the previous rejections under 35 USC 101. The claimed invention is a trailer for use with a toy vehicle, having a driving mechanism to drive the wheels of the toy vehicle. Although the vehicle is not part of the claimed invention, the invention has patentable utility because it can be selectively attached to a plurality of toy vehicles and used as a driving mechanism. Also, for the reasons given by applicant, the response overcomes the rejections under 35 USC 112. One of ordinary skill would understand how the device operates, and would be able to create the invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled

"Comments on Statement of Reasons for Allowance."
